**Special 20th
Anniversary
Edition!**

"I've been getting Meals on Wheels for about three years. That's probably the best call I ever made. The food is good and everyone is just so wonderful. I just love seeing them 'cause sometimes they're the only one I see during the day. I always have to hug them. Oh my God, I'm so blessed with wonderful people."

-Lillian, meal recipient

Who gets Meals on Wheels?

Why do people get meals?

20th Anniversary fun fact

Number of meals served by our members since 1997:

19,894,088

How is Meals on Wheels funded?

These numbers apply to the actual funding for food provided. Metro Meals on Wheels and its member programs rely on additional contributions from individuals and grant funding for operational support.

"I really couldn't cook for myself. I was not good. I was sick and I wasn't getting the nutrients I was supposed to be getting. So a nurse suggested I call. Now I'm getting the nutrition that I'm supposed to get. The volunteers are wonderful. They're really great people. We might chit-chat a little bit. If you see them smile, it makes your day, it really does."

-Carmelina, meal recipient

Celebrating the launch of the Kitchen of Opportunities

March 3 marked an exciting day in the history of Metro Meals on Wheels as the first meals were delivered from the Kitchen of Opportunities to our neighborhood delivery sites in south Minneapolis and Brooklyn Park. Here's a look at why the launch of the first kitchen dedicated to serving Meals on Wheels recipients throughout the Twin Cities is so exciting.

20th Anniversary fun fact

Many Meals on Wheels programs prepared their own meals when they began, but eventually turned to caterers who could prepare them more professionally at a higher volume. The Kitchen of Opportunities offers the advantages of a private caterer (high-volume, professional chefs) while operating specifically to benefit Meals on Wheels recipients.

"It's a very brief interaction, but you're connecting with them. You're looking in their eyes. You're touching their hands. For some of them, that might be the only interaction they get all day. You get to come to them and interact for a moment and bring them food. It's such a clear and direct way to care for someone."

-Mo, delivery volunteer
