

Hopkins/St Louis Park Dinner at Your Door: A Vital Community Service

Delivering Meals and Connection to Our Community

Hopkins/St Louis Park Dinner at Your Door (DAYD), a proud member of Metro Meals on Wheels, is a 501(c)(3) organization dedicated to delivering meals to those who are unable to shop for or prepare their own meals. Our mission transcends income qualifications. We are committed to meeting the food needs of all community members who require support.

Our Impact

Last year alone, DAYD served over 23,000 meals to neighbors in need. Our work is powered by over 150 dedicated volunteers who drive delivery routes and personally greet our clients, fostering connection and reducing isolation.

Call for Board Members

To continue growing and strengthening our impact, we need strong leadership at the board level. DAYD is seeking volunteer board members, including a Vice President and several at-large members.

We are looking for engaged, mission-driven individuals who are ready to serve as leaders, advocates, and ambassadors for our organization. Ideal candidates bring experience in areas such as finance, marketing, communications, fundraising, development, legal expertise, and community partnerships.

Board Member Expectations

Board members are expected to:

- Dedicate time and professional expertise to advancing DAYD's mission

- Understand and support the organization's mission, operations and strategic goals
- Leverage professional networks and community connections to strengthen financial and partnership opportunities
- Participate in quarterly meetings (and additional meetings as needed)
- Collaborate actively and thoughtfully with fellow board members

We are seeking individuals who are committed to not only governance, but also to securing the financial resources and community partnerships necessary to ensure DAYD's long-term sustainability.

Make a Meaningful Impact

If you are passionate about food security, community connection, and service leadership, we invite you to consider joining us.
